Dear \_\_\_\_\_,

My name is Your Name. I am one of your constituents living in Name of City, State, Zip Code. I'm contacting you to request your support of the Molly R Loomis Research for Descendants of Toxic Exposed Veterans Act. Senate Bill 2061. *(If calling a Congressman/woman add: Please bring a version of this bill to the floor of the House.)*

This bill is essential because it would bring much-needed attention to questions surrounding the impacts on descendants of military toxic exposure and be the first step towards ensuring we live up to the promise and commitment of taking care of the families of our nation's service men and women.

*If you have any personal connection to the issue, or know someone who is affected elaborate here!*

I would like a response confirming that you have received this comment.

Thank you,

*Your name and contact information*

And! Don't hesitate to call/write more than once. Alas, the truth is the squeaky wheel gets attention. If you can speak directly to a staffer who works on veterans' affairs, they will take your comment even if you're not a constituent. Otherwise, you will likely just be routed to an intern and leave your comment as a constituent. But! They rest assured will record your comment.
